### Farmer's Institute Meetings.

On the afternoon of Feb. 28th  
Messrs W. F. Stephens, M. D.  
Geddes and Bryce Wright who  
had been engaged by the Agri-  
cultural Department to hold in-  
stitute meetings throughout the  
province met a gathering of farm-  
ers in the sample room of the  
Alberta hotel, Red Deer.

Dr. Gaetz as President of the  
Agricultural Society occupied the  
chair. The first speaker was Mr.  
Bryce Wright whose subject was  
"The Hiring of Stallions."

After pointing out the advan-  
tages of the country as a horse  
country and the excellent demand  
for all classes of good animals  
the speaker outlined a system  
which was in vogue in Scotland  
whereby it would be possible to  
secure the services of the finest  
stallions.

A local society is formed with  
a membership fee of \$2.00 per  
head consisting of men who have  
mares to breed. The society  
would devote the membership  
fee or a portion of it to forming a  
premium fund which the govern-  
ment would likely increase to  
double. This would be a premium  
fund to go to the party who  
would bring in a first class stallion.  
Previously to its introduction  
however a delegation from the  
Society must go abroad and  
choose the stallion. Then with  
the guarantee of a certain num-  
ber of mares a really good animal  
could be served. The service  
outside the premium could then  
be put at a low figure of say \$10.  
\$5.00 at time of service and \$5.00  
as insurance fee.

The speaker showed many ad-  
vantages from the system, one of  
the chief being that this made  
possible securing the very best.

His theory regarding horse  
breeding was that "Pedigree" is  
the principle part of a horse" so  
far as breeding sires were con-  
cerned. Mr. D. Geddes then  
spoke at some length on "Cattle  
breeding. He discussed at some  
length on the Embargo question  
showing the great advantages  
which would follow its removal.  
Speaking of Sirs he mentioned  
the great importance of discrimi-  
nate buying and being careful to  
secure an early maturing strain  
with a strong constitution.

He believed it would be a good  
policy for the government to offer  
a prize for the best herd of cattle.  
He referred to the question of a  
chilled meat trade and answered  
quite a number of questions offered  
by members of the audience.  
At the evening session Mr. C.  
P. Marker the Manager of Govern-  
ment Creameries gave an inter-  
esting talk on dairy questions  
and the government management  
of the Alberta Creameries.

### Straits Settlements Coins Not Straight.

A movement is on foot among  
business men of the town not to  
accept the Straits Settlements  
silver quarters and half dollars,  
except at a discount of 50 per  
cent, which is all the banks allow  
for these coins.

It is alleged that some "Get-  
Rich-Quick-without-work" people  
buy up quantities of such coins  
at the coast for 50 per cent dis-  
count and exchange them in Al-  
berta at par, thus making 100  
per cent profit on the outlay, to  
the proportionate loss of some-  
one else. This scheme has been  
exposed in Calgary. People  
should be on their guard against  
these coins.

### Social.

The Ladies Aid of the First  
Baptist Church held a very suc-  
cessful Parlor Concert and social  
at the home of Mr. and Mrs. Jos.  
Slade, Douglas St. on Thursday  
evening March 1st, when about  
75 of the church members and  
their friends met together and  
spent a very enjoyable evening  
in music, songs, recitations and  
games.

The program committee richly  
deserve the thanks of all for the  
treat which was prepared, and  
they wish to express their thanks  
to all friends who so kindly as-  
sisted them towards making this  
the success it was, the following  
taking part.

Instrumentals by Miss Edna  
Campbell, Misses E. Slade and  
Lenore Brumpton, duets. Miss  
Jessie Tait, song, Misses Edna  
Campbell and Myrtle Baker, duet.  
Mr. W. Phillips, song; Mr. H.  
Steele, song; Rev. W. Daniel,  
recitation. The program was  
interspersed with games of var-  
ious sorts, about 10:30 o'clock the  
Ladies served refreshments to  
the satisfaction of all. After  
lunch the young people with Miss  
Edna Campbell at the piano rendered  
songs and choruses to the  
delight of every one as it brought  
back to the older ones memories  
of long ago, when they too used  
to sing those same joyful exhilar-  
ating songs. The host and host-  
ess had taken no small trouble to  
make this a most enjoyable even-  
ing, their home being decorated  
with cut flowers and plants  
throughout in a very unique and  
tasteful manner which was a  
revelation to many. The many  
friends who were present are now  
asking, "when are you going to  
give us" another such evening  
treat? The pleasures of the even-  
ing were brought to a close before  
12 o'clock by the singing of "Auld  
Lang Syne" and "Good Night  
Ladies" in which Mr. W. Phillips  
voice was plainly heard. Pro-  
ceeds of the evening about \$13.00

A Menu Social under the aus-  
pices of the Ladies Aid Society  
of the Presbyterian Church will  
be held at the home of Mrs. K.  
McMahon on March 8th, full par-  
ticulars later.

### Deaths.

On Sunday evening, Mr. Hen-  
nicker Bowser passed away after  
short illness with pneumonia.  
Deceased was about 63 years of  
age, and was one of Red Deer's  
old-timers. The body was  
brought to Stone's undertaking  
parlors, the funeral to be held to-  
day at the Methodist church.

A very sad and distressing ac-  
cident occurred on Saturday at  
Poplar Ridge, whereby William  
Smith lost his life. He was em-  
ployed in felling trees on the  
premises of Mr. Dominey. A  
tree in falling, rebounded and  
struck the unfortunate man on  
the side of the head, crushing his  
skull and tearing off an ear.  
After lingering for some hours  
he died without regaining con-  
sciousness.

The International Harvester  
Co. intends to make Red Deer a  
central point for the distribution  
of their implements, from Dida-  
bury to Ponoka, and also the  
Lacombe and Wetaskiwin bran-  
ches. Latimer & Botterill expect  
in view of this plan, from 15 to  
20 cars of machinery in a few  
days.

### The Carnival.

The Carnival of Friday even-  
ing last presented as good a pro-  
gram of interesting features and  
unique costumes as the two pre-  
vious occasions of the same kind.  
A laughable hit was the Hook-  
ey Molee between the Old Maids  
and Old Jokes, governed by Mar-  
quis of Queensbury rules, in  
which the former, after an amus-  
ing play won by a score of 2 to 0.

Following were the prizes and  
prize winners:—  
Best Lady's Costume.—Hand-  
Bag, by Postill & Paterson, won  
by Miss J. McLeod as "Songs."

Best Gentlemen's Costume:—

## Alberta Farmer's Association.

The Editor of The News.

Dear Sir:—Having received a request from you for information respecting the Alberta Farmers' Association, will you kindly give me a little space? I will call this a chat with my Brothers of the Red Deer District. Brother farmer, I have received many letters asking, "How can we organize a branch of the Alberta Farmers' Association?" Others ask, "What are the aims and objects of the Association and what can it do for the farmers of Alberta?" I am delighted to receive such letters from you, because it proves that you are interested.

I will give a short account of the past years work of our Association and how it was brought into existence, because I want you to know that it is a purely Farmers' undertaking managed by the Farmers for the Farmers. Just about one year ago a number of farmers met together in the East Edmonton Hotel, to discuss the matter of a Farmers' Organization. Afterwards another meeting was called in the Rabbit Hill School. A good deal of discussion followed as to what the name of the Society should be, or what Association we should become a branch of. We had invited the organizer of the American Society of Equity, to be present and lay before us the aims and objects of that Association and to explain the workings of same. Mr. Keen did this well. But it was felt by the Farmers at that meeting that since the Head Office of this Society is in Indianapolis, the managers of that Association could not be well posted as to the conditions of markets and the needs of the farmers of Alberta. Another objection was that 40 per cent of the membership fees had to be sent to the states for a paper

or called Up-To-Date Farming, while the balance was used in organizing, so the whole would be gone. A vote was taken and it was unanimously decided to form an all Canadian Association, or a branch of the Territorial Grain Growers' Association. A Committee was appointed to make inquiries and the result was a strong branch of the Territorial Grain Growers was organized in Strathcona. Much valuable work has been done for the farmers by that branch Association. Still it was found that not much assistance could be obtained from such a distant source and at a meeting of the Strathcona branch, held on Dec. 8th 1905, it was decided that as Alberta is now a province and our conditions are so different from those of the Grain Growers of Saskatchewan, it will be wise to establish a local Association for Alberta. On that date The Alberta Farmers' Association came into existence.

When I tell you that only 7 weeks later 16 branches had been organized over the whole of Alberta, from Strathcona to the north, Pincher Creek to the south and Lloydminster to the east, you will feel sure that the officers had not been idle. According to reports given by the local papers, of the central meeting held in Strathcona on Jan. 31st, when our 30 delegates from the different branches met representing over 300 members. It would be hard to find a gathering of more intelligence and business ability. I merely mention this that you may know that our Association is looked upon with respect by the Press and you know that they are keen critics. At the present time our membership is about 500 and this will show that the Alberta Farmers' Association has come to stay. At the annual meeting 13 resolutions were passed dealing with matters of importance to be forwarded to the Dominion and Provincial Governments and we feel that the resolutions will receive attention. We fully expect to be 5000 strong by the end

of the year. We have been accused by some of being mixed up in politics simply because our Constitution states that Minister and Deputy Minister of Agriculture shall be ex-officio members of the Association, as such, they have no vote in any matters of business in our Association and again it makes no difference what party is in power it applies as well. Matters coming under the agricultural Department can thus be more readily brought to the notice of the Department. Farmers we do not pretend to say our Association is perfect, we know that still many of Alberta's best farmers are still outside its ranks, you cannot afford to be. You know that you are not receiving just reward for your investment and labor expended year after year. Our Association stands for better prices for our products of all kinds, better homes, better farming, better stock and better times for all. This means even a better province than we can otherwise have. Now farmers what are you going to do? Will you cast in your lot with us? We need your help. If the conditions of the farmers are not improved, it will not be the fault of the farmers who are members. The organizing of this large Province is quite an undertaking and will prove very expensive if the Association has to keep organizers in the field all the time. We want you to understand that not an officer of this Association wishes to receive pay from its funds, if the work can be done without. So far as possible we want districts to organize themselves. It is a simple matter. You have as capable men among you as we can send and there is no reason why you should not organize a branch at once. We hope always to have on hand a good amount of funds, so that the farmers interests can be safe guarded even at court if it is required.

The membership fee is one dollar a year, 50 cents is kept in your own branch and 50 cents is sent to headquarters to form the central funds. Now I trust some of your farmers will take up this matter and call a meeting. I am sending you a copy of our Constitution to the Editor of this paper you can see it at his office, I also give you below the aims and objects of the Association and a simple plan how to organize a branch.

**AIMS AND OBJECTS.**  
The Alberta Farmers' Association is made up of branches or sub-associations throughout the Province and delegates from these form the central Association or governing body.

In objects are:  
(1) To forward the interests of the producers of grain and live stock in every honorable and legitimate way.  
(2) To hold meetings for the discussion of subjects pertaining to the production of grain and live stock, and the best means of marketing the same.  
(3) To encourage the production of superior varieties of grain, and the breeding and rearing of improved stock.  
(4) To encourage the establishment of industries which will give the producer greater facilities for marketing his produce.  
(5) To obtain by united effort profitable and equitable prices for farm produce.  
(6) To watch legislation relating to the farmer's interest, particularly that affecting the marketing and transportation of farm produce.  
(7) To suggest to Parliament from time to time, as it is found necessary, through duly appointed delegates, the passing of any new legislation to meet changing conditions and requirements.

**HOW TO ORGANIZE A SUB-ASSOCIATION**  
Call meeting of farmers and elect temporary Chairman and Secretary.  
Secretary then takes names of all willing to join.  
Call for nomination for President and elect by vote.  
Directors to appoint Sec'y-Treasurer for year for remuneration and bond.  
Sec'y-Treas. to collect one dollar membership fee and forward one half to Central Association and retain the balance in local treasury.

I trust I have made the matter plain enough for the farmers to proceed, if not we will on request from your district send some one to organize for you.  
Yours Truly,  
RICH SHEPPARD,  
Sec'y Treas.

The Red Deer flour mill is almost ready for operation, the machinery is now fully installed. This week the mill will be run for at least a couple of days for a thorough test and within a short time it will be in constant operation. This is one of the best built and most complete mills of its size in Canada and should be not only a profitable investment for the stockholders but a source of great benefit to the town and district.

## Evarts Progressing.

Lookie Martin was a visitor here this week.

Mrs. S. Braton has returned to Evarts and is now living on her homestead north of here.

What's the matter with Sunny Evarts? It's alright, wait till our member wakes up.

Heartly congratulations to the young couple who drove home on Sunday.

A poundkeeper would be an acquisition to the village.

More expense has been added to the home of John Wesley Watkins by the arrival of a son.

Rev. J. P. Rice, P. Conquest, E. Nyberg were out on a business trip the beginning of the week.

A few young people from here took the opportunity of attending the dance given by Mrs. Snider last Friday and report having had a good time.

We would advise our Advocate Correspondent to go to school before attempting to write for a paper as we should judge by his correspondence that standard I. would be his mark.

Miss Inge Halsdorsen who has been attending the Red Deer School for the past few months has returned home owing to the closing of the School.

D. S. Smith who has been spending the winter with his people in Ontario returned home this week bringing with him his brother Sam. We were sorry we had not the opportunity of congratulating D. S., better luck next time Donald.

## Trenville.

Harry Kirkeberg has returned home from Mitchell, B. C.

Albert Cherry, living in the south part of our township has just finished a large frame barn.

Mr. Crants who met with a gun accident some weeks ago has about fully recovered.

Bert Green has secured a homestead two miles west of here.

Rev. Mr. Emmerson is now building upon his claim.

Mr. Williams of Whitebrush passed through on Saturday last on a fur buying trip.

We are to have a cream route through here this summer to run to Content.

Mr. Content and Dr. Davis were down for a few days.

The saw mill will run about 3 weeks longer.

A meeting of all who wish to send cream is called for Saturday next at the Post Office.

Postmaster Treanman has been making some good improvements in the post office in the way of putting in an up-to-date letter and paper box. We like to see such things kept up to the times.

The dancing party given at Mildred Austins on Friday evening was a great success. Mr. Green made a great hit with his banjo playing and singing.

Judge Biggs is spending the winter on his ranch.

## Coal Banks.

Wm. Jamieson is busy hauling coal for R. A. Jamieson, who is going to break 400 acres this coming summer.

Another little girl at W. B. Johnson's.

A number from here attended a party at E. Code's. A very enjoyable evening was spent.

Floyd McLaughlin made a flying visit last Sunday.

A. B. Dodge's coal mine has closed for this season.

We do not see anything of the bridge going across the Red Deer river, at Content, as yet. We are patiently waiting.

Dr. Thayer made a flying trip to Coal Banks this week.

Mr. Creighton, who has been sick, is slowly recovering.

We are sorry to hear that S. P. Atherton is going to leave our midst. He has sold his farm.

## Round the World Single.

To travel 30,000 miles round the world with a single ticket under the care of a single company is an ideal which has at last been rendered possible by the enterprise of the Canadian Pacific Railway Company.

For the first time in the world's history such a journey is being undertaken by Mr. Fred Shaughnessy, son of Sir Thomas Shaughnessy, president of the Canadian Pacific Railway Company, and his tutor, Mr. Anstey.
